

# Lab Expectations and Safety Guidelines Contract

## Lab Expectations

- Come prepared to class every day.
- When you come into the classroom, go directly to your assigned module.
- Login to your account and begin the day's tasks.
- Stay on task and don't interrupt or distract others. Be a positive influence on others!
- Work cooperatively with others. Each team member needs to be engaged and actively participating.
- Follow general classroom rules. Show respect for yourself, for others, and for the classroom and the equipment.
- Act in a responsible manner in everything you do.
- Read through all of the activity directions before beginning an experiment. Work to the best of your ability!
- If you aren't sure about a specific direction, ask your instructor for clarification. That's why they are there!

## Safety Guidelines

- No outside food or drink in the classroom.**
- Practice safety in regards to yourself and towards others.
- Keep pathways clear by placing extra items (books, bags, etc.) on the shelves or under the work tables. If under the tables, make sure that these items cannot be stepped on.
- Wear sensible clothing including footwear.
- Pay close attention to any Warning, Safety or Caution Call-out boxes in the activities' directions.
- Wear safety protection when instructed to do so, i.e. safety goggles or glasses, disposable gloves, leather gloves or aprons.
- Unauthorized experiments or procedures **must not** be attempted.
- Do not lift any solutions or liquids, glassware or other types of apparatus above eye level.
- Follow all instructions given by your instructor.
- Learn how to transport all materials and equipment safely.
